

Position: EHS Consultant

Work Location: Primarily Metro Vancouver, some travel required.

Office Location: 203-5460 152nd St., Surrey, BC

Position Description:

Arcose Consulting Ltd. (Arcose) is seeking an Environmental Health and Safety Consultant. We are looking for an experienced health and safety professional to continue their career development and build a successful practice with Arcose.

The successful candidate will be responsible for project support, project management, consulting service delivery and staff development.

The expectation is that competent, courteous, professional service will be provided to clients and colleagues at all times.

Work life balance is important to us at Arcose. This is a full time position, which will be managed around core office hours (9:30 AM to 3:30 PM). It is expected that adjustments will be made as required to accommodate client schedules, project work and office needs.

This position comes with competitive salary as well as medical and dental benefits upon completion of a 3-month probation. Employee ownership and bonus opportunities also become available upon completion of the first year of employment.

Minimum Requirements:

- At a minimum, eligibility for CIH, ROH, or CRSP designation within 2 years. Preference for a currently designated CRSP, CIH or ROH
- Minimum 3 years of EHS consulting experience, 5 years preferred
- At a minimum, 2-year Diploma. Preference for MSc or Diploma in OHS, or similar
- Ability to travel for project work
- A valid driver's license
- Access to a reliable vehicle with appropriate insurance
- Strong verbal and written communication
- Proficient in use of Microsoft Word, Excel and Outlook
- Ability to work independently and be self-directed
- Ability to effectively manage a team of Junior Consultants to complete projects in a thorough and timely manner
- Ability to work in the field in adverse conditions, such as construction sites, mines and manufacturing facilities
- Previous hazardous materials consulting an asset
- Ability to use respirators, hard hats, eye protection, foot protection and other PPE without restrictions
- Ability to move equipment and other loads as great as 40 pounds over uneven ground for long distances
- Must be able to pass criminal records checks in compliance with company policy, client specifications and regulatory requirements
- May be required to undergo drug testing, as per client requirements

About Arcose:

Arcose is a growing environmental health and safety consulting company based in Metro Vancouver. We have strong connections to the health and safety community and are building on our reputation as we work to establish ourselves as a premier health and safety consultancy. We pride ourselves on working with our clients to develop solutions that work for them.

To ensure the highest quality product, all final reports are reviewed and approved by qualified professionals. Our focus on providing a quality product helps to distinguish us from our competition.
